The American Film Institute (AFI) just announced the Official Selections of AFI AWARDS 2015, celebrating the year's most outstanding achievements in the art of the moving image. In addition to the 20 honorees of 2015, AFI also recognizes MAD MEN with an AFI Special Award, acknowledging its landmark contributions to America's cultural legacy across nine years. In the history of AFI AWARDS, no other television program has earned as many honors.

An almanac documenting works of excellence, AFI AWARDS is also the only national honor for the entertainment community's creative teams as a whole, recognizing the collaborative nature of the art form.

Honorees are selected based on works that advance the art of the moving image, enhance the rich cultural heritage of America's art form, inspire audiences and artists alike and make a mark on American society.
